OBJECTIVE	Raising awareness about hearing loss and its prevention. Promoting early diagnosis and intervention. Providing free hearing screenings and consultations. Encouraging the use of hearing aids and assistive devices.
DESCRIPTION	World Hearing Day is observed annually on March 3rd to raise awareness about hearing loss and promote ear and hearing care worldwide. This year's theme, "Changing Mindsets: Empower Yourself to Make Ear and Hearing Care a Reality for All!", emphasized the importance of proactive hearing health management. To mark this occasion, the Otorhinolaryngology Department organized a poster presentation aimed at educating the public about hearing health and providing free hearing check-ups for those in need. Additionally, during the week of March 3rd to
